NORTH BEACH PUBLIC DEVELOPMENT AUTHORITY
PACIFIC COUNTY, WASHINGTON

RESOLUTION NO: 13-2008

**A RESOLUTION OF THE BOARD OF DIRECTORS OF NORTH BEACH
PUBLIC DEVELOPMENT AUTHORITY, PACIFIC COUNTY,
WASHINGTON, AMENDING RULES AND REGULATIONS FOR WATER
SERVICE.**

WHEREAS, the North Beach Public Development Authority (NBPDA) has established a water supply and distribution system and has approved rules and regulations governing service; and

WHEREAS, the NBPDA desires to establish a policy for limited relief in the case of a leak on a customer's property; and

WHEREAS, the NBPDA has approved rules, regulations and rates on July 21, 2008; now, therefore

BE IT RESOLVED by the Board of Directors of the North Beach Public Development Authority, Pacific County, Washington as follows:

That the rules, regulations and rates adopted by Resolution 08-2008 be amended as follows:

1.01.075 **Responsibility for repair of service pipe.**

The Agency's responsibility ends on the customer's side of the water meter or meter setter. The customer is responsible from the meter or meter setter to the building including plumbing inside of the building. The Agency maintains the water meter, meter setter and meter box. It is the customer's responsibility to keep the meter box accessible for meter reading. The owner shall keep said service pipe in good working order.

In the case of a leak in the service pipe, the customer may be entitled to an adjustment on their water bill provided that an adjustment may be requested upon written application within a fourteen (14) day period of receipt of the billing in question. After the complete and satisfactory repairs and with documentation of satisfactory repair, reduction in fees shall be limited to one-half of the excess water usage billing as determined by the Agency to be associated with the billing period in question, and excludes the monthly service charge. The adjusted rate for the month in which the leak was detected shall be equal to the average of the water charges of the three-month period consisting of the same month from the previous year as the month the leak was discovered, and the month before and after the previous year. Said three-month average shall be the adjusted rate for the month in which the leak was detected. A leak adjustment shall be available to the customer once every five years ~~or at the discretion of the General Manager or his/her designee.~~
