Image Brightness	250 cd/m2
Display Position Adjustments	Tilt
Actual Weight	9.70 lb(s)
Compatibility Notes	<p>Amazing angles with IPS: In-plane Switching (IPS), the color-rich technology you know and love in tablets, mobile devices, and televisions, is now available in a micro-thin, 25-inch diagonal Full HD [1] display designed for the home.</p> <p>Share videos, photos, games, and more with striking 178° horizontal and 178° vertical viewing angles – so you can accurately view images and colors from almost any direction. Less distortion. Less blurring. Happy spectators.</p> <p>The difference is in the screen. IPS technology delivers higher color fidelity than conventional TN (Twisted Nematic) panels. That means image and color consistency from almost any angle.</p> <p>Beauty and brains: Modernize your home desktop with a contemporary, bezel-less design that delivers maximum views of all your favorite images and on-screen content.</p> <p>Save space in style, too. The unique, micro-thin profile fits virtually anywhere without taking up valuable space.</p> <p>For big projects and multitasking, do more with a multi-monitor setup that's easy to implement with a smart, plug-and-play design. Stay connected to current and evolving devices with easy access to built-in VGA, digital DVI and HDMI inputs.</p> <p>Jaw-dropping details: Let HP Enhance+ deliver super-crisp images and advanced noise reduction. Bring your memories to life with eye-popping details for your games, pictures, videos, and even text.</p> <p>Enjoy a crisp, detailed view with Full HD [1] 1920 X 1080 resolution.</p> <p>10, 000, 000:1 dynamic contrast ratio [2] makes a difference. Give your photos, videos, and online games [3] more depth and see the difference with deeper blacks and whiter whites that create a more vivid and visible color spectrum.</p> <p>Software that simplifies: Control power saving modes, screen settings and more with HP My Display – preinstalled on your HP Pavilion 25xi with easy, step-by-step guides.</p> <p>HP My Display Smart software also lets you partition your screen so that multiple application windows can be open at the same time, and even saves user-preferred settings for an easy startup.</p> <p>HP and the environment, on your side: Help reduce your power consumption and cut back on energy costs with an intelligent, energy efficient design built with the environment in mind.</p> <p>Mercury-free LED backlighting, a BFR/PVC-free design [4], arsenic-free display glass [5], SmartWay Transport Partnership (USA only), and recyclable packaging are just a few of the responsible details built right into your display.</p>
