

**Minutes of the Regular Meeting of the Board of
Commissioners of North Beach Water District**

These are the minutes of a regular meeting of the Board of Commissioners of North Beach Water District held at 6:00 p.m., Monday, November 16, 2015 at the office of North Beach Water District, 25902 Vernon Avenue, Suite D, Ocean Park, Washington.

I. Call to Order:

Commissioner Ripley called the regular meeting of the Board of Commissioners of North Beach Water District to order at 6:00 p.m.

II. Roll Call:

Commissioners Present:

Glenn Ripley, Gwen Brake

Staff present:

William Neal, general manager; Jack McCarty, office manager

Others present:

Roger Taylor, Janice Taylor

III. Adopt Agenda:

Commissioner Brake moved to adopt the agenda.

Commissioner Ripley seconded the motion.

Commissioner Brake moved to add Agenda Item 5e, Resolution 24-2015.

Commissioner Ripley seconded the motion.

Commissioner Ripley called for a vote.

The motion to add Agenda Item 5e, Resolution 24-2015 passed unanimously.

Commissioner Brake moved to adopt the agenda as amended.

Commissioner Ripley seconded the motion.

Commissioner Ripley called for a vote.

The motion to adopt the amended agenda passed unanimously.

IV. Public Comment

Roger Taylor asked if the Birch Place booster station project was still on track.

The general manager explained that a main line is in the process of being connected that should help with pressure and flow. He also stated that after the connection a hydraulic analysis will be conducted by an engineering firm to determine the best course of action or if further action is needed.

Janice Taylor stated that a member of the Sunset Sands Community Association has concerns over what appears to be an oily sheen that forms in his toilet.

The general manager stated that the oily sheen is caused by manganese and organics in the water. He informed Mrs. Taylor that when the south well field project is completed the District will be treating with carbon which should eliminate that problem. Finally he stressed that the appearance is in no way a health hazard and is only an aesthetic issue.

Janice Taylor asked if connecting an 8 inch pipe to a 6 inch pipe discussed earlier would over pressure the smaller pipe and cause it to break.

The general manager informed Mrs. Taylor that the flow would be increased but the pressure would not.

Glen Spears mailed a comment to the District to express dissatisfaction with having their service turned off.

The office manager informed the Board that the District had the wrong mailing address for Mr. Spears and because of that Mr. Spears did not receive his bills or shut off notice. He further explained that both himself and the billing clerk had spoken to Mr. Spears and apologized for the mix up. Finally he explained that all late fees and lock off fees were refunded to the customer back in September.

Commissioner Brake directs the office manager to write a letter of apology to the customer and let them know that the District will continue to do its best to provide the best service possible to Mr. Spears and all of the District's customers.

V. Action Items

A. 10-19-15 Regular Meeting Minutes
