

## **RCW 39.04.010**

### **Definitions.**

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Award" means the formal decision by the state or municipality notifying a responsible bidder with the lowest responsive bid of the state's or municipality's acceptance of the bid and intent to enter into a contract with the bidder.

(2) "Contract" means a contract in writing for the execution of public work for a fixed or determinable amount duly awarded after advertisement and competitive bid, or a contract awarded under the small works roster process in RCW **39.04.155**.

(3) "Municipality" means every city, county, town, port district, district, or other public agency authorized by law to require the execution of public work, except drainage districts, diking districts, diking and drainage improvement districts, drainage improvement districts, diking improvement districts, consolidated diking and drainage improvement districts, consolidated drainage improvement districts, consolidated diking improvement districts, irrigation districts, or other districts authorized by law for the reclamation or development of waste or undeveloped lands.

(4) "Public work" means all work, construction, alteration, repair, or improvement other than ordinary maintenance, executed at the cost of the state or of any municipality, or which is by law a lien or charge on any property therein. All public works, including maintenance when performed by contract shall comply with chapter **39.12** RCW. "Public work" does not include work, construction, alteration, repair, or improvement performed under contracts entered into under RCW **36.102.060**(4) or under development agreements entered into under RCW **36.102.060**(7) or leases entered into under RCW **36.102.060**(8).

(5) "Responsible bidder" means a contractor who meets the criteria in RCW **39.04.350**.

(6) "State" means the state of Washington and all departments, supervisors, commissioners, and agencies of the state.

**Small works roster contract procedures—Limited public works process—Definition.**

(1) This section provides uniform small works roster provisions to award contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of real property that may be used by state agencies and by any local government that is expressly authorized to use these provisions. These provisions may be used in lieu of other procedures to award contracts for such work with an estimated cost of three hundred thousand dollars or less. The small works roster process includes the limited public works process authorized under subsection (3) of this section and any local government authorized to award contracts using the small works roster process under this section may award contracts using the limited public works process under subsection (3) of this section.

(2)(a) A state agency or authorized local government may create a single general small works roster, or may create a small works roster for different specialties or categories of anticipated work. Where applicable, small works rosters may make distinctions between contractors based upon different geographic areas served by the contractor. The small works roster or rosters shall consist of all responsible contractors who have requested to be on the list, and where required by law are properly licensed or registered to perform such work in this state. A state agency or local government establishing a small works roster or rosters may require eligible contractors desiring to be placed on a roster or rosters to keep current records of any applicable licenses, certifications, registrations, bonding, insurance, or other appropriate matters on file with the state agency or local government as a condition of being placed on a roster or rosters. At least once a year, the state agency or local government shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of the roster or rosters and solicit the names of contractors for such roster or rosters. In addition, responsible contractors shall be added to an appropriate roster or rosters at any time they submit a written request and necessary records. Master contracts may be required to be signed that become effective when a specific award is made using a small works roster.

(b) A state agency establishing a small works roster or rosters shall adopt rules implementing this subsection. A local government establishing a small works roster or rosters shall adopt an ordinance or resolution implementing this subsection. Procedures included in rules adopted by the department of enterprise services in implementing this subsection must be included in any rules providing for a small works roster or rosters that is adopted by another state agency, if the authority for that state agency to engage in these activities has been delegated to it by the department of enterprise services under chapter **43.19** RCW. An interlocal contract or agreement between two or more state agencies or local governments establishing a small works roster or rosters to be used by the parties to the agreement or contract must clearly identify the lead entity that is responsible for implementing the provisions of this subsection.

(c) Procedures shall be established for securing telephone, written, or electronic quotations from contractors on the appropriate small works roster to assure that a competitive price is established and to award contracts to the lowest responsible bidder, as defined in RCW **39.04.010**. Invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. However, detailed plans and specifications need not be included in the invitation. This subsection does not eliminate other requirements for architectural or engineering approvals as to quality and compliance with building codes. Quotations may be invited from all appropriate contractors on the appropriate small works roster. As an alternative, quotations may be invited from at least five contractors on the appropriate small works roster who have indicated the capability of performing the kind of work being contracted, in a manner that will equitably distribute the opportunity among the contractors on the

appropriate roster. However, if the estimated cost of the work is from one hundred fifty thousand dollars to three hundred thousand dollars, a state agency or local government that chooses to solicit bids from less than all the appropriate contractors on the appropriate small works roster must also notify the remaining contractors on the appropriate small works roster that quotations on the work are being sought. The government has the sole option of determining whether this notice to the remaining contractors is made by: (i) Publishing notice in a legal newspaper in general circulation in the area where the work is to be done; (ii) mailing a notice to these contractors; or (iii) sending a notice to these contractors by facsimile or other electronic means. For purposes of this subsection (2)(c), "equitably distribute" means that a state agency or local government soliciting bids may not favor certain contractors on the appropriate small works roster over other contractors on the appropriate small works roster who perform similar services.

- (d) A contract awarded from a small works roster under this section need not be advertised.
- (e) Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry.

(3) In lieu of awarding contracts under subsection (2) of this section, a state agency or authorized local government may award a contract for work, construction, alteration, repair, or improvement projects estimated to cost less than thirty-five thousand dollars using the limited public works process provided under this subsection. Public works projects awarded under this subsection are exempt from the other requirements of the small works roster process provided under subsection (2) of this section and are exempt from the requirement that contracts be awarded after advertisement as provided under RCW **39.04.010**.

For limited public works projects, a state agency or authorized local government shall solicit electronic or written quotations from a minimum of three contractors from the appropriate small works roster and shall award the contract to the lowest responsible bidder as defined under RCW **39.04.010**. After an award is made, the quotations shall be open to public inspection and available by electronic request. A state agency or authorized local government shall attempt to distribute opportunities for limited public works projects equitably among contractors willing to perform in the geographic area of the work. A state agency or authorized local government shall maintain a list of the contractors contacted and the contracts awarded during the previous twenty-four months under the limited public works process, including the name of the contractor, the contractor's registration number, the amount of the contract, a brief description of the type of work performed, and the date the contract was awarded. For limited public works projects, a state agency or authorized local government may waive the payment and performance bond requirements of chapter **39.08** RCW and the retainage requirements of chapter **60.28** RCW, thereby assuming the liability for the contractor's nonpayment of laborers, mechanics, subcontractors, materialpersons, suppliers, and taxes imposed under Title 82 RCW that may be due from the contractor for the limited public works project, however the state agency or authorized local government shall have the right of recovery against the contractor for any payments made on the contractor's behalf.

(4) The breaking of any project into units or accomplishing any projects by phases is prohibited if it is done for the purpose of avoiding the maximum dollar amount of a contract that may be let using the small works roster process or limited public works process.

(5)(a) A state agency or authorized local government may use the limited public works process of subsection (3) of this section to solicit and award small works roster contracts to small businesses that are registered contractors with gross revenues under one million dollars annually as reported on their federal tax return.

(b) A state agency or authorized local government may adopt additional procedures to encourage small businesses that are registered contractors with gross revenues under two hundred fifty thousand dollars annually as reported on their federal tax returns to submit quotations or bids

on small works roster contracts.

(6) As used in this section, "state agency" means the department of enterprise services, the state parks and recreation commission, the department of natural resources, the department of fish and wildlife, the department of transportation, any institution of higher education as defined under RCW **28B.10.016**, and any other state agency delegated authority by the department of enterprise services to engage in construction, building, renovation, remodeling, alteration, improvement, or repair activities.

*Competitive bids—Contract procedure: RCW **36.32.250**.*

**RCW 39.04.190**

**Purchase contract process—Other than formal sealed bidding.**

(1) This section provides a uniform process to award contracts for the purchase of any materials, equipment, supplies, or services by those municipalities that are authorized to use this process in lieu of the requirements for formal sealed bidding. The state statutes governing a specific type of municipality shall establish the maximum dollar thresholds of the contracts that can be awarded under this process, and may include other matters concerning the awarding of contracts for purchases, for the municipality.

(2) At least twice per year, the municipality shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of vendor lists and solicit the names of vendors for the lists. Municipalities shall by resolution establish a procedure for securing telephone or written quotations, or both, from at least three different vendors whenever possible to assure that a competitive price is established and for awarding the contracts for the purchase of any materials, equipment, supplies, or services to the lowest responsible bidder as defined in chapter **39.26** RCW. Immediately after the award is made, the bid quotations obtained shall be recorded, open to public inspection, and shall be available by telephone inquiry. A contract awarded pursuant to this section need not be advertised.

[2015 c 79 § 4; 1993 c 198 § 2; 1991 c 363 § 110.]

**NOTES:**

**Purpose—Captions not law—1991 c 363:** See notes following RCW **2.32.180**.

**Electronic data processing and telecommunications systems—Municipalities—  
Acquisition method—Competitive negotiation—Findings, intent.**

(1) The legislature finds that the unique aspects of electronic data processing and telecommunications systems and the importance of these systems for effective administration warrant separate acquisition authority for electronic data processing and telecommunication systems. It is the intent of the legislature that municipalities utilize an acquisition method for electronic data processing and telecommunication systems that is both competitive and compatible with the needs of the municipalities.

(2) A municipality may acquire electronic data processing or telecommunication equipment, software, or services through competitive negotiation rather than through competitive bidding.

(3) "Competitive negotiation," for the purposes of this section, shall include, as a minimum, the following requirements:

(a) A request for proposal shall be prepared and submitted to an adequate number of qualified sources, as determined by the municipality in its discretion, to permit reasonable competition consistent with the requirements of the procurement. Notice of the request for the proposal must be published in a newspaper of general circulation in the municipality at least thirteen days before the last date upon which proposals will be received. The request for proposal shall identify significant evaluation factors, including price, and their relative importance.

(b) The municipality shall provide reasonable procedures for technical evaluation of the proposals received, identification of qualified sources, and selection for awarding the contract.

(c) The award shall be made to the qualified bidder whose proposal is most advantageous to the municipality with price and other factors considered. The municipality may reject any and all proposals for good cause and request new proposals.

[1996 c 257 § 1.]

**RCW 39.04.280**

**Competitive bidding requirements—Exemptions.**

This section provides uniform exemptions to competitive bidding requirements utilized by municipalities when awarding contracts for public works and contracts for purchases. The statutes governing a specific type of municipality may also include other exemptions from competitive bidding requirements. The purpose of this section is to supplement and not to limit the current powers of any municipality to provide exemptions from competitive bidding requirements.

(1) Competitive bidding requirements may be waived by the governing body of the municipality for:

- (a) Purchases that are clearly and legitimately limited to a single source of supply;
- (b) Purchases involving special facilities or market conditions;
- (c) Purchases in the event of an emergency;
- (d) Purchases of insurance or bonds; and
- (e) Public works in the event of an emergency.

(2)(a) The waiver of competitive bidding requirements under subsection (1) of this section may be by resolution or by the terms of written policies adopted by the municipality, at the option of the governing body of the municipality. If the governing body elects to waive competitive bidding requirements by the terms of written policies adopted by the municipality, immediately after the award of any contract, the contract and the factual basis for the exception must be recorded and open to public inspection.

If a resolution is adopted by a governing body to waive competitive bidding requirements under (b) of this subsection, the resolution must recite the factual basis for the exception. This subsection (2)(a) does not apply in the event of an emergency.

(b) If an emergency exists, the person or persons designated by the governing body of the municipality to act in the event of an emergency may declare an emergency situation exists, waive competitive bidding requirements, and award all necessary contracts on behalf of the municipality to address the emergency situation. If a contract is awarded without competitive bidding due to an emergency, a written finding of the existence of an emergency must be made by the governing body or its designee and duly entered of record no later than two weeks following the award of the contract.

(3) For purposes of this section "emergency" means unforeseen circumstances beyond the control of the municipality that either: (a) Present a real, immediate threat to the proper performance of essential functions; or (b) will likely result in material loss or damage to property, bodily injury, or loss of life if immediate action is not taken.

[1998 c 278 § 1.]

### **Bidder responsibility criteria—Supplemental criteria.**

(1) Before award of a public works contract, a bidder must meet the following responsibility criteria to be considered a responsible bidder and qualified to be awarded a public works project.

The bidder must:

(a) At the time of bid submittal, have a certificate of registration in compliance with chapter **18.27 RCW**;

(b) Have a current state unified business identifier number;

(c) If applicable, have industrial insurance coverage for the bidder's employees working in Washington as required in Title 51 RCW; an employment security department number as required in Title 50 RCW; and a state excise tax registration number as required in Title 82 RCW;

(d) Not be disqualified from bidding on any public works contract under RCW **39.06.010** or **39.12.065(3)**;

(e) If bidding on a public works project subject to the apprenticeship utilization requirements in RCW **39.04.320**, not have been found out of compliance by the Washington state apprenticeship and training council for working apprentices out of ratio, without appropriate supervision, or outside their approved work processes as outlined in their standards of apprenticeship under chapter **49.04** RCW for the one-year period immediately preceding the date of the bid solicitation; and

(f) Until December 31, 2013, not have violated RCW **39.04.370** more than one time as determined by the department of labor and industries.

(2) In addition to the bidder responsibility criteria in subsection (1) of this section, the state or municipality may adopt relevant supplemental criteria for determining bidder responsibility applicable to a particular project which the bidder must meet.

(a) Supplemental criteria for determining bidder responsibility, including the basis for evaluation and the deadline for appealing a determination that a bidder is not responsible, must be provided in the invitation to bid or bidding documents.

(b) In a timely manner before the bid submittal deadline, a potential bidder may request that the state or municipality modify the supplemental criteria. The state or municipality must evaluate the information submitted by the potential bidder and respond before the bid submittal deadline. If the evaluation results in a change of the criteria, the state or municipality must issue an addendum to the bidding documents identifying the new criteria.

(c) If the bidder fails to supply information requested concerning responsibility within the time and manner specified in the bid documents, the state or municipality may base its determination of responsibility upon any available information related to the supplemental criteria or may find the bidder not responsible.

(d) If the state or municipality determines a bidder to be not responsible, the state or municipality must provide, in writing, the reasons for the determination. The bidder may appeal the determination within the time period specified in the bidding documents by presenting additional information to the state or municipality. The state or municipality must consider the additional information before issuing its final determination. If the final determination affirms that the bidder is not responsible, the state or municipality may not execute a contract with any other bidder until two business days after the bidder determined to be not responsible has received the final determination.

(3) The capital projects advisory review board created in RCW **39.10.220** shall develop suggested guidelines to assist the state and municipalities in developing supplemental bidder responsibility criteria. The guidelines must be posted on the board's web site.

[2010 c 276 § 2; 2009 c 197 § 2; 2007 c 133 § 2.]

**NOTES:**

**Rules—Implementation—2009 c 197:** See note following RCW [39.04.320](#).

**RCW 39.26.160**

**Bid awards—Considerations—Requirements and criteria to be set forth—Negotiations—Use of enterprise vendor registration and bid notification system.**

(1)(a) After bids that are submitted in response to a competitive solicitation process are reviewed by the awarding agency, the awarding agency may:

- (i) Reject all bids and rebid or cancel the competitive solicitation;
- (ii) Request best and final offers from responsive and responsible bidders; or
- (iii) Award the purchase or contract to the lowest responsive and responsible bidder.

(b) The agency may award one or more contracts from a competitive solicitation.

(2) In determining whether the bidder is a responsible bidder, the agency must consider the following elements:

(a) The ability, capacity, and skill of the bidder to perform the contract or provide the service required;

(b) The character, integrity, reputation, judgment, experience, and efficiency of the bidder;

(c) Whether the bidder can perform the contract within the time specified;

(d) The quality of performance of previous contracts or services;

(e) The previous and existing compliance by the bidder with laws relating to the contract or services; and

(f) Such other information as may be secured having a bearing on the decision to award the contract.

(3) In determining the lowest responsive and responsible bidder, an agency may consider best value criteria, including but not limited to:

- (a) Whether the bid satisfies the needs of the state as specified in the solicitation documents;
- (b) Whether the bid encourages diverse contractor participation;
- (c) Whether the bid provides competitive pricing, economies, and efficiencies;
- (d) Whether the bid considers human health and environmental impacts;
- (e) Whether the bid appropriately weighs cost and noncost considerations; and
- (f) Life-cycle cost.

(4) The solicitation document must clearly set forth the requirements and criteria that the agency will apply in evaluating bid submissions.

(5) The awarding agency may at its discretion reject the bid of any contractor who has failed to perform satisfactorily on a previous contract with the state.

(6) After reviewing all bid submissions, an agency may enter into negotiations with the lowest responsive and responsible bidder in order to determine if the bid may be improved. An agency may not use this negotiation opportunity to permit a bidder to change a nonresponsive bid into a responsive bid.

(7) The procuring agency must enter into the state's enterprise vendor [registration] and bid notification system the name of each bidder and an indication as to the successful bidder.

[2012 c 224 § 18.]

### **Definitions.**

Unless the context clearly requires otherwise, the definitions in this section shall apply throughout this chapter.

(1) "State agency" means any department, agency, commission, bureau, office, or any other entity or authority of the state government.

(2) "Local agency" means any city and any town, county, special district, municipal corporation, agency, port district or authority, or political subdivision of any type, or any other entity or authority of local government in corporate form or otherwise.

(3) "Special district" means a local unit of government, other than a city, town, or county, authorized by law to perform a single function or a limited number of functions, and including but not limited to, water-sewer districts, irrigation districts, fire districts, school districts, community college districts, hospital districts, transportation districts, and metropolitan municipal corporations organized under chapter **35.58** RCW.

(4) "Agency" means both state and local agencies and special districts as defined in subsections (1), (2), and (3) of this section.

(5) "Architectural and engineering services" or "professional services" means professional services rendered by any person, other than as an employee of the agency, contracting to perform activities within the scope of the general definition of professional practice in chapters **18.08**, **18.43**, or **18.96** RCW.

(6) "Person" means any individual, organization, group, association, partnership, firm, joint venture, corporation, or any combination thereof.

(7) "Consultant" means any person providing professional services who is not an employee of the agency for which the services are provided.

(8) "Application" means a completed statement of qualifications together with a request to be considered for the award of one or more contracts for professional services.

[1999 c 153 § 55; 1981 c 61 § 2.]

### **NOTES:**

**Part headings not law—1999 c 153:** See note following RCW **57.04.050**.

**Effective date—1981 c 61:** See note following RCW **39.80.010**.

## **RCW 39.80.030**

### **Agency's requirement for professional services—Advance publication.**

Each agency shall publish in advance that agency's requirement for professional services. The announcement shall state concisely the general scope and nature of the project or work for which the services are required and the address of a representative of the agency who can provide further details. An agency may comply with this section by: (1) Publishing an announcement on each occasion when professional services provided by a consultant are required by the agency; or (2) **announcing generally to the public its projected requirements for any category or type of professional services.**

[1981 c 61 § 3.]

### **NOTES:**

**Effective date—1981 c 61:** See note following RCW **39.80.010**.

**Contracts for materials and work—Notice—Bids—Small works roster—Waiver of requirements.**

(1) All work ordered, the estimated cost of which is in excess of fifty thousand dollars, shall be let by contract and competitive bidding. Before awarding any such contract the board of commissioners shall publish a notice in a newspaper of general circulation where the district is located at least once thirteen days before the last date upon which bids will be received, inviting sealed proposals for such work, plans and specifications which must at the time of publication of such notice be on file in the office of the board of commissioners subject to the public inspection. The notice shall state generally the work to be done and shall call for proposals for doing the same to be sealed and filed with the board of commissioners on or before the day and hour named therein.

Each bid shall be accompanied by a certified or cashier's check or postal money order payable to the order of the county treasurer for a sum not less than five percent of the amount of the bid, or accompanied by a bid bond in an amount not less than five percent of the bid with a corporate surety licensed to do business in the state, conditioned that the bidder will pay the district as liquidated damages the amount specified in the bond, unless the bidder enters into a contract in accordance with the bidder's bid, and no bid shall be considered unless accompanied by such check, cash or bid bond. At the time and place named such bids shall be publicly opened and read and the board of commissioners shall proceed to canvass the bids and may let such contract to the lowest responsible bidder upon plans and specifications on file or to the best bidder submitting the bidder's own plans and specifications. The board of commissioners may reject all bids for good cause and readvertise and in such case all checks, cash or bid bonds shall be returned to the bidders. If the contract is let, then all checks, cash, or bid bonds shall be returned to the bidders, except that of the successful bidder, which shall be retained until a contract shall be entered into for doing the work, and a bond to perform such work furnished with sureties satisfactory to the board of commissioners in the full amount of the contract price between the bidder and the commission in accordance with the bid. If the bidder fails to enter into the contract in accordance with the bid and furnish the bond within ten days from the date at which the bidder is notified that the bidder is the successful bidder, the check, cash, or bid bonds and the amount thereof shall be forfeited to the district. If the bidder fails to enter into a contract in accordance with the bidder's bid, and the board of commissioners deems it necessary to take legal action to collect on any bid bond required by this section, then the district shall be entitled to collect from the bidder any legal expenses, including reasonable attorneys' fees occasioned thereby. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

(2) As an alternative to requirements under subsection (1) of this section, a water-sewer district may let contracts using the small works roster process under RCW 39.04.155.

(3) Any purchase of materials, supplies, or equipment, with an estimated cost in excess of forty thousand dollars, shall be by contract. Any purchase of materials, supplies, or equipment, with an estimated cost of less than fifty thousand dollars shall be made using the process provided in RCW 39.04.190. Any purchase of materials, supplies, or equipment with an estimated cost of fifty thousand dollars or more shall be made by competitive bidding following the procedure for letting contracts for projects under subsection (1) of this section.

(4) As an alternative to requirements under subsection (3) of this section, a water-sewer district may let contracts for purchase of materials, supplies, or equipment with the suppliers designated on current state agency, county, city, or town purchasing rosters for the materials, supplies, or

equipment, when the roster has been established in accordance with the competitive bidding law for purchases applicable to the state agency, county, city, or town. The price and terms for purchases shall be as described on the applicable roster.

(5) The board may waive the competitive bidding requirements of this section pursuant to RCW **39.04.280** if an exemption contained within that section applies to the purchase or public work.
