Memo

To
Board of Commissioners

From
William Neal,
General Manager

Re
Light Tower Purchase
Not To Exceed
\$4,000.00

Board of Commissioners,

Light towers are very important during nighttime operations. To safely do the job at night, the best lighting possible is critical. A single, high intensity telescoping light tower can provide better illumination than multiple light stands, currently being used by the District for night time work. The safety benefits include 1) better illumination, 2) fewer trip hazards on the sight, 3) The greatly reduced electrocution hazard and 4) reduced burn potential by coming in contact with a hot light fixture.

After researching light towers and considering the nature and extent of the typical night job (main break repair) I have determined the appropriate sized light tower would be a 6 kw towable tower with a minimum 425,000 luminaries.

Light Towers of that size cost approximately \$9500.00 new. United Rentals has two used light towers in their inventory for sale. They are both Generac Magnum MLT3060 models. One of the units has 4654 hours and the other has 3378 hours. These units typically are good up to 12,000 hours.

I would like to board to authorize the general manager to purchase an appropriate sized used light tower for a cost not to exceed \$4,000.00

Product Summary

This Generac Magnum MLT6SM Mobile Light Tower provides maximum lighting and power in a minimum of space. Great for construction sites, special events, roadwork and more. Features a vertical mast with an electric winch and 359° ground rotation for total illumination.

What's Included

(1) Mobile light tower

GENERAC

Features + Benefits

- Marathon 6000 Watt generator with 120V and 240V outlets
- Power Zone controller with programmed controls, including dusk to dawn setting
- Large 43-gallon fuel tank
- Brushless, capacitor-regulated engine
- Vertical mast with electric winch
- 90-hour run time
- 359° ground rotation mast for total illumination
- Externally illuminated controls and rear LED trailer lights
- Corrosion-proof poly shell and flip hood for easy access
- Tubular steel frame trailer with a wider wheel base and longer tongue for improved towing stability

Key Specs

Item#	53887
Manufacturer's Warranty	3 Yr Consumer Limited
Ship Weight	1340.0 lbs
Dimensions L x W x H (in.)	118 x 57 x 101
Product Weight (lbs.)	1,340
Engine Brand	Mitsubishi
EPA Tier	Final 4
Peak HP	12.2
Operating RPM	1,800

Generator Brand	Marathon Electric
Generator Type	Brushless
Output - Standby kW	6
Output Voltage	120/240 single phase
Lumen Output	440,000
Acres Covered	5–7
Fuel Tank Capacity (gal.)	43 1/2
Max. Run Time (hrs.)	90
Max. Extended Height (ft.)	23
