General Manager Report May, 2018

To:
Board of
Commissioners

From:
William Neal,
General Manager

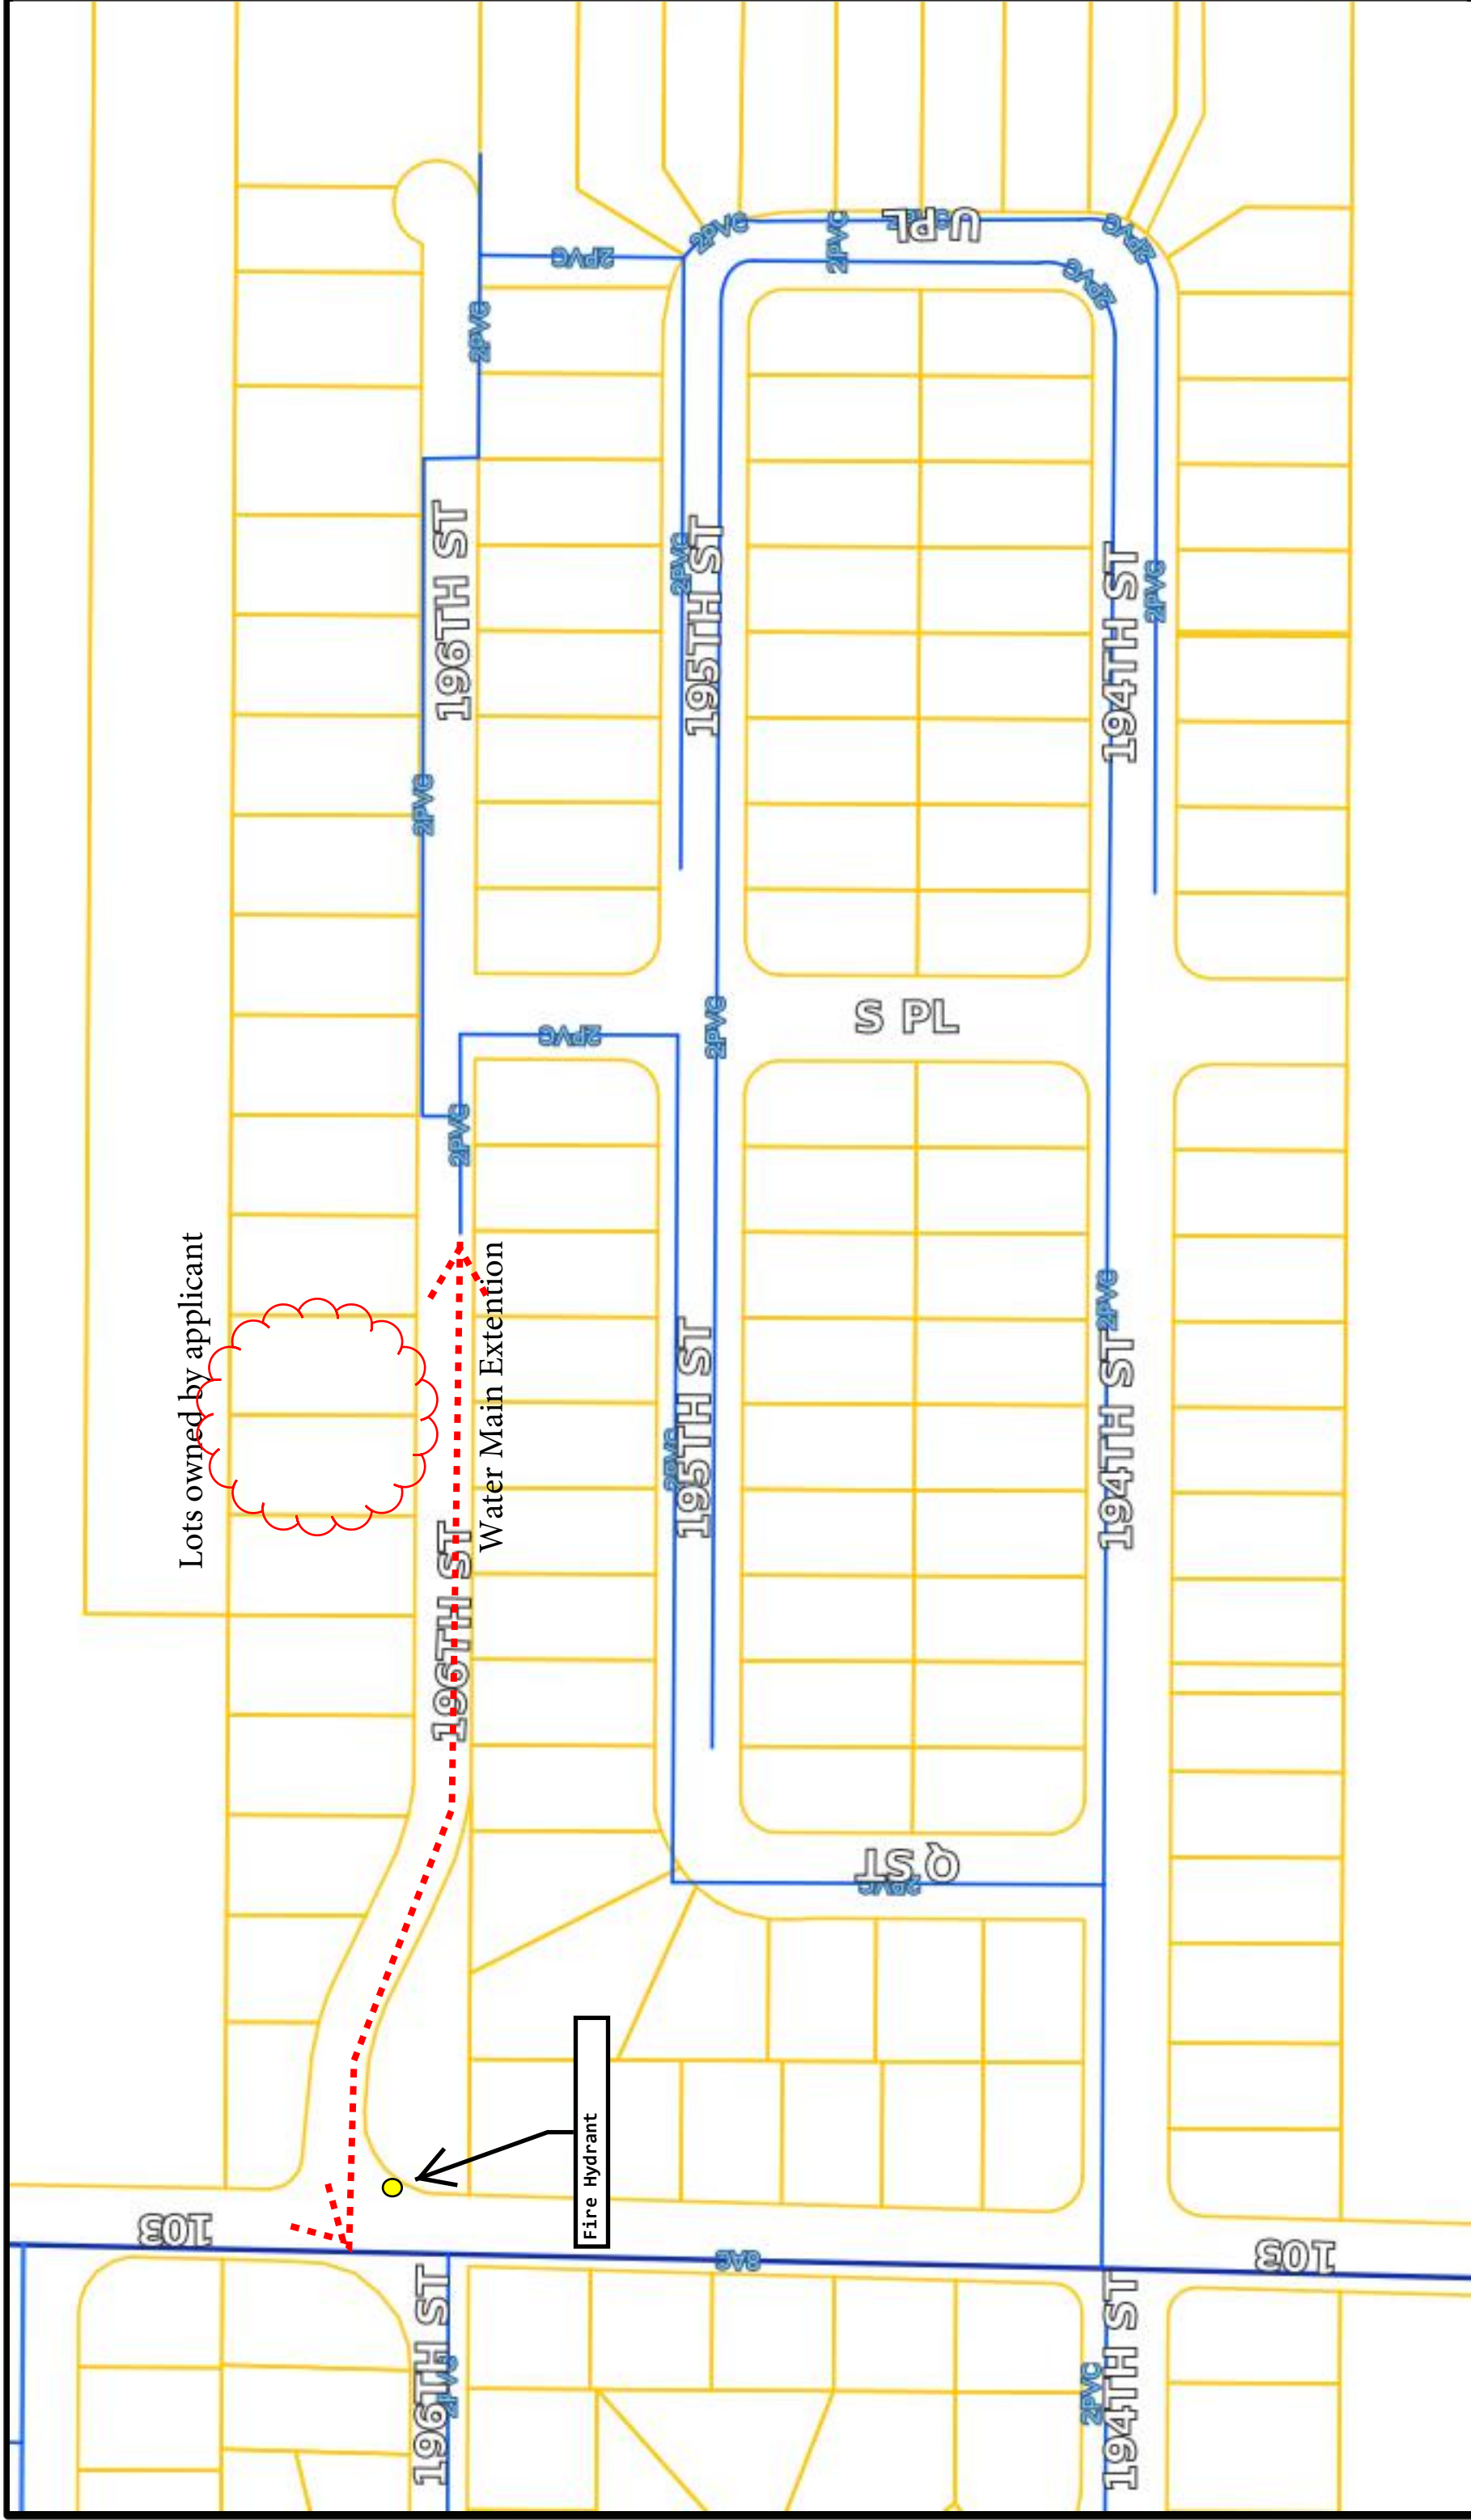

Water Main Extension Request:

A property owner has requested water service for a lot on 196th St. We have a water main very close but not close enough. The property owner owns a construction company that installs water mains. We have a policy for water mains installed by the owner. The Board will need to approve a water extension agreement and a latecomer's agreement with the applicant prior to starting the project. I have included a map showing the water main extension.
