New tool rack that Brian Built.

The start of Well # 2 Line replacement.

Picture of the line going up from the Well house.

Picture of the new pipe coming up from the Well house.

Picture of both 90s & the last stick of pipe installed.

After one of the trust blocks were poured to help so the 90 doesn't blow apart from the pipe.

Picture of the two taps we made so we can flush the 6" & the new 4" line coming from Well # 2

Looking up the hill after the pipe has been backfilled & before gravel.

Picture of the new location for Well # 2 meter.

This is a picture of the inside of the old 2" line that was for Well # 2.

Main Break Repair on Bay Avenue
