VI. Old Business:

A. South Wellfield Discussion

There was discussion between the board and the general manager regarding the work at the South Wellfield and when it will get started. The general manager informed the board that Gray & Osborne will be working with ATEC on the pilot study which will begin the first week of April. The general manager will keep the board up to date on the work.

VII. New Business:

A. Main Break on Sandridge Road

The general manager discussed with the board the main break that happened on Sandridge Road March 11th. The crew had issues with finding the valves that would isolate the break as either they did not function properly, or they were broke. Finally ended up turning water off to a larger area so that repair could be completed. The crew worked through the night to get the repair completed and water restored.

A boil water notice was issued and water samples taken to ALS in Longview the next day. The samples did come back clean and the boil water notice was lifted.

VIII. General Managers Report:

The office manager reported on (1) the use, sale, and loss of water, (2) the generator maintenance done on all the generators, and (3) the locates and GIS work being done.
